SUMMARY

I am a Computer Science undergraduate student (B.Tech 2024–2028) with hands-on experience in building and deploying scalable, responsive web applications using React.js and Next.js. I have developed a production-ready e-commerce platform, a high-fidelity animated website clone, and a hackathon solution under tight deadlines. I have a strong focus on performance optimization, clean UI/UX, and modern web development practices. Seeking a Frontend, Web, or Full-Stack Developer internship.
